Phillip B. Waugh is the Chief Product Lifecycle Management System (PLMS) and Acquisition Section, Maintenance Branch, Logistics Division, AFLCMC PEO BES. PLMS is an emerging capability that standardizes problem reporting, manages workflows, and maintains approved configuration management data for Air Force weapon systems. The Acquisition Section plans and executes consolidated acquisition activities for the Logistics Division Maintenance Branch. Prior to his current assignment, Mr Waugh was the Program Manager for the Integrated Logistics System – Supply (ILS-S).

Mr. Waugh is a retired chief master sergeant with over 25 years of active duty service, primarily in Logistics. He retired from active duty in 2002 as the Command Functional Manager for the Supply career field at Air Combat Command. He returned to Maxwell-Gunter in 2002 as a contractor providing supply subject matter expertise, software test planning, and project management support until 2007, at which time he began his career as a civil servant in the Program Management career field.

### **EDUCATION:**

1992 Associates of Science in Logistics, Community College of the Air Force, Maxwell AFB, AL  
1995 Bachelor of Science, Management and Business Nova-Southeastern University, Ft Lauderdale, FL  
2006 Masters of Information Systems, University of Phoenix, Phoenix, AZ
